

**LINEA**

**Rain Sensing Wipers**  
Automatically turns itself on when rain falls on the windscreen and off when it stops.

## INNOVATION

Voice command activation technology with steering wheel controls for taking calls, having SMSes read out or simply controlling the music player.

At Fiat, we're all about thoughtfully incorporating the latest technology into our cars to give you the perfect automotive experience.

▶ **Powerful Automatic Air Conditioning**  
Comes with automatic climate control that helps to maintain the desired temperature in the cabin.

▶ **Automatic Switch On/Off Headlamps**  
The headlamps turn on and off automatically based on outside light conditions.

▶ **Personalised My Car Settings**

- Digital odometer
- Trip activation analytics
- External temperature indicator
- Real-time mileage indicator
- Distance to empty indicator
- Service schedule reminder
- Date and clock setting
- Programmable speed limit buzzer
- Automatic door lock speed setting
- Front passenger airbag deactivation and many more.

**Rear Air Conditioning Vents at Knee and Foot Level\***  
(\*Available with Dynamic and Emotion Variants)

**Best-in-class Ground Clearance (185mm)**

## FEATURES

**New Brighter Dual Tone Interiors**  
Makes the cabin feel bright and even more spacious.

A Fiat wouldn't be the car it is without several special features that are thoughtfully crafted for your convenience as well as luxury. Because it's important to us that your Fiat experience, whether you're driving or being driven, is simply perfect.

**500 Litres of Boot Space with Non-Intruding Hinges**  
Provides you with more usable space.

**Tilt Adjustable Power Steering**  
Helps you sit in a comfortable driving position and be in complete control of your car.

**Rear Armrest with Glove Box and Cup Holders\***  
(\*Available with Dynamic and Emotion Variants)

► Dual stage front airbags with Early Crash Sensors

## SAFETY & ENGINE

Central to our engineering philosophy is the building in of active and passive safety features into the foundations of all our cars.

### Passive Safety Features

- Crumple zones
- Collapsible steering column
- High tensile steel frame
- Fire Prevention System

### Active Safety Features

- Seat belts for all rear passengers
- 3-point ELR seat belts with pretensioners and load limiters
- 3 safety (adjustable) head rests
- ABS with EBD

### Security Features

- Anti-theft engine immobiliser with rolling code - which prevents the engine from starting if the correct key isn't used; this is ensured by a constantly changing security code in the key
- Remote keyless entry
- Double crank prevention system
- Digital door open indicator with specific door notification

► Anti-theft engine immobiliser with rolling code

► ABS with EBD

## ENGINEERED TO PERFORM

At Fiat, our biggest moves have always been based on our ability to develop compact, next-gen engines to power our cars. Powerful, yet fuel efficient; dynamic and sporty yet eco-friendly, our engines are what drive us forward.

### F.I.R.E.

A revolutionary advancement in engine technology was ushered in by the F.I.R.E. engine from Fiat. This petrol engine delivers robust performance with good fuel efficiency; just perfect for your daily commute.

### MultiJet

This award winning\* compact diesel engine powers over 6 million cars worldwide. It offers improved performance, better fuel efficiency, a smoother drive and has set the benchmark for smaller capacity engines. \*International Engine of the Year in 2005.

### T-JET

A masterpiece designed to set your heart racing and your adrenaline pumping, this perfectly tuned 1368cc 16 valve T-Jet petrol engine churns out a whopping 114 PS at a mind-boggling 5000 rpm. And if that doesn't impress you then the 207 Nm of torque at 2200 rpm certainly will.
